

The permanent solution for peace of mind.

After three decades, Gutter Helmet is still the ultimate gutter protection solution for your home. Its patented nose-forward design lets rainwater in, while keeping out leaves, seeds and even pine needles.

With ice defense, Moonworks has created a system that helps prevent ice dams. No more frozen gutters, dangerous icicles or shoveling roofs.

Make your roof look like new again and extend the life of your roof.

Your property is not just dirty. Your property is actually suffering from an infection. Basic soiling and dust have created a nutrient base for bacteria, mold, mildew, algae, fungi, as well as other microorganisms to move in and on the surfaces around your home. Traditional power washing just blasts away the top layer of this infestation, never really solving the issue of infection. Our Softwash system uses environmentally responsible exterior cleaning products and offers a 5 year guarantee.

"For more than 20 years, Moonworks has strived to build customers for life. We have been able to improve over 50,000 New England homes by providing high quality products and expert installation.

Because your satisfaction is our ultimate success, I put my name on everything we do - that's the Moonworks difference."

Jim Moon ~ Owner

Top quality lifetime roofing.

It's one of the wisest investments you can make. Moonworks is proud to be a factory-certified GAF Master Elite Contractor: a designation earned by only 3% of roofing specialists. With us, you're assured of a top-quality installation - and the added assurance of a GAF factory inspection and warranty.

It's a great time to go Solar!

Reduced utility bills, tax credits, state incentives, and increased home value are just some of the benefits.

Now with Suntegra, the roofing shingle is the solar panel; an attractive alternative to those ugly traditional solar panels. Replacing your roof with SUNTEGRA is like a two for one deal... you get a new roof and solar at the same time!
